

Flowers Plus

Position Overview

Flowers Plus volunteers water and care for the plants in the common areas throughout the hospital, clinic and Lake Winona Manor. Flowers Plus volunteers also arrange funeral bouquets brought to the hospital into smaller arrangements and then place them in various areas. Volunteers in this service area also help with campus-wide decorating during the holidays.

Why is this area important?

Flowers provide a touch of nature and comfort, especially appreciated during the winter months when it's more difficult to be outside. The beautiful plants with lush foliage and blooms can transform waiting areas into warm, colorful, cheery, welcoming places.

Volunteer Shifts: Hours and days are flexible.

Minimum Requirements

Volunteers must attend an annual in-service training and comply with patient/resident confidentiality requirements, organizational and departmental policies and procedures and federal, state and local laws. It is also important for volunteers to read, understand and exemplify Winona Health's Mission, Vision, Values and Behavioral Standards.

Additional Qualifications

- Proficient in gardening and plant maintenance
- Comfortable bending and kneeling
- Able to lift and move potted plants
- Strong Communication Skills
- Ability to push a wheelchair long distances
- Friendly, people person
- Ability to keep work areas organized, clean and neat
- Ability to solve problems and multitask
- Comfortable with a changing work environment
- Attention to detail
- Demonstrate service excellence
